

Together we are discovering a new world through creative prayer, supporting camps that promote peace, and surrounding the World with a Belt of Prayer. May love, light and grace increase among us!

New Countries Join East Africa Region!

CFO International Training Chairperson, Richard Simiyu, and East Africa Trainers from Kenya joined together for an exciting event in Rwanda just a few days ago. They held a CFO Camp, followed by a Training session, in Kigali City, Rwanda. There were **brand new CFOers** from Rwanda, as well as folks from Tanzania, Burundi and the Democratic Republic of Congo. We are excited about this new outreach, and the new campers are planning to start prayer groups in their locations. They are requesting follow-up training. Translation was done in

Youth also participated in Rwanda

Rwandese and Swahili, and this Region is requesting CFO materials to be translated into Kiswahili. **Thank you for supporting this Camp and Training!** Here are some comments from participants:

- We have learned a new way of praying together by listening and caring for one another with great Love, Jesus being central in all.
- The consensus decision making process was impressive and it really makes people to keep depending on God for decisions to be made.
- We have realized that God answers his prayers, not our prayers, as we thought before this training.
- Thank you for the opportunity to have CFOI Training in Rwanda that brought people from neighbouring countries together with a wonderful experience of unity.

West Africa Region

West Africa Region will be hosting a CFO Training event right about when this letter is on its way to you, December 5-7 in Esit Eket, Nigeria. Europe Region

Europe has well-established CFO Camps in Germany and the United Kingdom, and newer camps in Ukraine and Poland. The war in Ukraine has affected everybody there, and many boys have gone to fight and come home in coffins, says Oksana, the CFO Chairperson. Many others have lost their homes and fled, and inflation has been drastic. Still Ukraine CFO does plan to meet in 2015, and we rejoice! Erika Oosterkamp, CFOI Europe Regional Vice President, has travelled to Ukraine to help train the Council Ring in preparation. They report that people are open to the gospel, and Catholics, Protestants and Orthodox Christians are **willing to pray together** now. Pray for the people of this Region, and for the ways of Jesus to increase through prayer and kingdom living.

“Now Lord,” I said, “You have placed a task upon me that is far too great for my little power to fulfill. If You want this done You will have to do it. Use me as Your humble instrument. That is all I can hope to be.

South Asia Celebrates

CFOers in India and Sri Lanka have had a lot to celebrate this year, with anniversaries, Fellowship Days, Camps, Trainings and their Annual Love Feast. This Region has their own newsletter, sharing upcoming camp events, prayer requests, praise reports and articles from current and past leaders. Let’s join them in gratitude for:

- Protection by the grace of God from dangers known and unknown
- Youth who are interested in attending and helping the leaders at the CFO camps

Campership Fund Established for 11th International

Our 11th International Camp will be held in Cagayan de Oro, Philippines in May 2017. The CFOI Board has established a separate Fund to help people from the CFO **Worldwide** attend. We hope that you are saving up for your own travel there, and if you can help someone else attend, please send contributions in the enclosed envelope and mark them "Campership 2017." We had a tremendous response to this effort for our most recent International Camp in Peru in 2012, and we hope to have ALL of our Regions celebrating together again. Thanks for helping our worldwide family gather!

North America Region

Tanya Cothran was our speaker, and she also helped lead 3-part singing: "Justice, kindness, walk humbly with your God."

CFOI held a dinner in Southern California in November with the theme, "**CFO: At Home Around the World.**" Tanya shared, "People all around the world are craving, seeking, a safe place to be loved. In the outside world we are quick to build up walls, create barriers through judgment, and distrust others because they are different. So there is an amazing freedom when people discover those places, like CFO, where love is free and those little differences that we build up - in our minds and between groups of people - suddenly don't matter anymore. In these spaces, there is room for healing and rejoicing."

This is the fourth year we have held this event in California, and we are considering holding it in a new location next year. Are you interested in **hosting an event in your community**? Please pray about this. Let us know!

Thank you to all who made contributions to this event. It is a successful way to increase funding for CFO work around the world. We are able to **help with more events in other Regions**, while introducing folks in North America to the CFO Worldwide.
