## West Africa Regional Training Camp

December 16-22, 2010

West Africa is a new CFOI Region, and Ofonime Nkoko, Regional Vice President, writes, "The people of West Africa are grateful to God Almighty for a successful Regional Training Camp." He says the success will be felt for years to come. The meeting was held at Agona Kwanyako High School in Ghana, and travel there was an adventure. People drove and flew, and some slept in the park on the way from Nigeria. There were 35 Athletes of the Spirit in attendance.

After singing, praying and sharing messages from International Board members, training was done for 2 ½ days using the CFOI Training Guidelines. (You can receive

those same guidelines by contacting the CFOI office at [cfoicoordinator@gmail.com](mailto:cfoicoordinator@gmail.com)). Ofonime Nkoko conducted training, assisted by David Sunday David, Ekemini Alex Ekong, Evans Asiamah Gyan and Bright Nartey Acheampong. Training included Meditation, Prayer Groups, Creatives, Rest, Communication Skills, Listening Prayer and Consensus Decision Making, among other CFO program elements.

The Training days were followed by a Regional meeting, with discussions of Regional structure, camp Ambassadors, extension of camps into French West African countries, Board membership and other issues. There are currently 27 camps in this Region. Emmanuel Nelson Ibanga was chosen as a liaison to link West Africa to the United Prayer Tower. There are plans in place to start new CFO Prayer Groups in Ghana, Benin Republic and Cote d'Ivoire. Praise God!

The trip home for the Nigerians included border crossings from Ghana to Togo, Togo to Benin, then Benin to Lagos, Nigeria. Look at a map and follow the journey!

*"I pray that the Joy of the Lord be yours throughout this year and beyond in the Name of our Lord Jesus Christ, Amen. Have a wonderful time with Jesus this year. Happy New Year. Yours in the Lord."*

# East Africa Regional Training Camp

December 8-11, 2010

Eleven CFOers from four countries in East Africa -- Uganda, Kenya, Tanzania and Malawi -- came together to pray and listen and encourage one another in building the Belt of Prayer around the world.

Plans are in place for a new prayer group to be started in Dar es Salaam, Tanzania.

New camps and prayer groups are growing in Malawi, and they need materials translated in their language. Kenya also reports plans for new prayer groups, and a desire to build up leadership for CFO among the youth. They have use for more funding for new camps, which depends on giving from other parts of the world. Future Regional Camps are planned for Kenya in 2011 and Malawi in 2012.

East Africans are making plans to attend the CFOI 10<sup>th</sup> International Meeting in Peru in 2012. You can meet them there, by the grace of God.

*"You are given certain possibilities and certain limitations. The art of living for you is to determine how you can create a masterpiece by actually utilizing your limitations, and by using to the fullest extent the talents God has given you."*
